

DHRUV VARMA

Python Backend Developer

Ahmedabad, Gujarat | 9624284428 | varmadhruv406@gmail.com | [LinkedIn](#)

PROFESSIONAL SUMMARY

Python Backend Developer with hands-on experience building Django web applications and integrating third-party and AI APIs (Google Drive API, Google Sheets API, Gemini API) into full-stack projects. Strong foundation in OOP, database design (SQLite, PostgreSQL), Git/GitHub, and workflow automation. Seeking an entry-level Software Engineer / Python Backend Developer role.

TECHNICAL SKILLS

Languages: Python, SQL

Frameworks: Django

Databases: SQLite, MySQL, PostgreSQL

Web (Basic): HTML5, CSS3, Bootstrap

APIs & Integrations: Google Drive API, Google Sheets API, Gemini API (consuming/integrating third-party APIs into applications)

Automation Tools: Zapier (no-code workflow automation)

AI Tools And Tools : Git & GitHub, VS Code, ChatGPT, Gemini, Claude

Concepts: OOPS , DBMS , REST API Principles

PROJECTS

Portfolio Website | *Deployed*

[Live Site](#) | [GitHub](#)

- Built and deployed a personal portfolio website showcasing skills, projects, and a downloadable resume, hosted live on Render.
- Integrated Google Drive API and Google Sheets API so that contact form submissions are automatically stored in a spreadsheet in real time.
- Automated the outreach workflow using Zapier, triggering an automatic email response to any visitor who submits the contact form within 5 minutes.

Django Weather App | *Deployed*

[Live App](#) | [GitHub](#)

- Developed a weather forecasting web application using Django and Google AI Studio, deployed and publicly accessible.
- Implemented backend logic to fetch and display real-time weather data through a clean Django-rendered interface.

AI Resume Analyzer | *In Progress*

- Building a web application that takes a user's resume as input and generates an ATS compatibility score with improvement suggestions.
- Integrating the Gemini API to power AI-driven resume analysis and suggestion generation.
- Designing the backend in Python/Django to handle resume parsing and scoring logic.

Django E-commerce Website | *Personal Project*

- Developed a full-stack e-commerce application with user registration, login, product catalog, shopping cart, and order management.
- Implemented Django ORM, authentication, admin panel, and a responsive Bootstrap UI. Tech Stack: Python, Django, SQLite, HTML, CSS, Bootstrap.

EDUCATION

M.Sc. Information Technology (Pursuing) — L.J. University | CPI: 6.61/10

B.Sc. Information Technology (2025) — Hemchandracharya North Gujarat University, Patan | CGPA: 7.2/10

HSC (12th Grade) — Shree K.B. Agrawal High School, Deesa | 72%

SSC (10th Grade) — St. Anne's High School, Deesa | 65%

CERTIFICATIONS

Python Certification — CodeWithHarry (Udemy) | Git & GitHub Certification — Packt (Coursera)
